Pine Lake Association Dam Benefits:

- **64 Acre-Feet of Flood Storage (20.8 Million gallons).**
- **100-Yr Event Peak discharge Reduced from 2,000 cfs to ≈200 cfs downstream (90% reduction).**
- **Water Quality Benefit: Reduction of sediment downstream.***
- **Privately owned and maintained Dam that provides a public benefit to the community.**

***PLA has a separate project removing sediment**
